Under Section 226 of the Municipal Regulations of 1871, the Government are pleased to confirm the following Bye-laws framed by the Municipal Commissioners of the Bangalore City :—

By-law No. 24.—Every place other than a water-closet or bath-room, situated within any house, building or enclosure, and habitually used for the purposes of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this Bye-law.

The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

4. All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

5. The floor of every latrine shall be so sloped, drained and constructed as to prevent fluid from being retained on its surface and from soaking into the floor, ground, plinth or walls of the latrine.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall; and shall discharge in one of the following ways, *viz* :—

- (d) through such filtering material, as the Commissioners may deem sufficient, into an open public drain notified by the Commissioners as being set apart for the purpose.
- (e) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

By-law No. 25.—Every latrine as described in Bye-law No. 24 shall be provided with a suitable receptacle placed beneath the seat or platform described in clause 3 of the said Bye-law. The receptacle shall be a movable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a movable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

3. Every house shall be provided with a dust-bin.

4. No filth, rubbish, ordure or other offensive matter shall be kept otherwise than in one of the receptacles described in this Bye-law and no human excreta shall be kept otherwise than in the receptacles described in clauses 1 and 2.

5. If the occupier of any land, building or enclosure neglects to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for each offence.

By-law No. 26.—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms, cooking rooms, sculleries, mills and factories.

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

3. Where sand or filtering material is required under clause 6 (c and d) of Bye-law No. 24 sufficient shall be provided by the occupier for the purposes indicated; and the same shall be changed whenever it becomes offensive.

4. If the owner or occupier, as the case may be, of any land, building or enclosure neglects, within three days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.
